Request from the treasurer.

There are still members who have not yet paid their membership fees, despite repeated requests to do so.

You may have a reason for not paying, but at least let us know. Then perhaps we can do something about it.

The 'Palmeras de Altea' association can only do its work thanks to the paying members and the volunteers in and outside the board.

Please realize that sending and administer these payment reminders take a lot of time that can be spent better.

During the last years, much has been improved at the Galera and we want to continue to do so, you should give us the opportunity to go on.

We like to thank you for that.
Administration.
